

our plan

for Brighton & Hove

1

Fix rubbish and recycling

How often is your rubbish and recycling collected on time? Labour and Greens have failed to improve these essential services.

2

Get our weeds and verges cut

Greens let weeds and barley grass run wild across the city. Why should you have to de-weed verges and parks? We will introduce a genuine biodiversity policy.

3

No excessive parking charges

It is getting harder and more expensive to park in Brighton & Hove. We will stop excessive parking charge rises for residents, visitors and traders.

4

Fix council housing stock

Greens complain there are not enough homes for people, so why don't they fill the 100s of empty council houses and clear the repairs backlog?

5

No more maximum tax rises

Greens/Labour always vote for maximum tax rises. We will stop their waste and reduce the financial burden on hardworking residents.

6

Restore pride in the city

We will remove graffiti, fix lights, install CCTV and restore our unique heritage, starting with Madeira Terraces. We want people to feel safe in our city.

The city has been neglected by Greens and Labour

Fix rubbish and recycling

After 12 years of Green and Labour councils, rubbish and recycling services are worse than ever, with bin strikes and no resolution. It is our no.1 priority to fix these services immediately.

Cut the weeds and verges

The Green and Labour council banned the use of weedkiller, but failed to put an alternative in place. We will cut the weeds, cut the verges and make the city tidy again.

Affordable parking charges

The Council's parking permit service has failed many times. Greens/Labour target car users with excessive parking charge rises, making it hard for workers and the disabled to get around the city.

Fix council housing stock

The Green/Labour Council has lost control of the housing department with hundreds of council homes sitting empty, and repairs not being done. We will get the council back to work.

No maximum tax rises

Every year, Greens and Labour vote for maximum tax increases, and waste more taxpayers' money. We will stop the waste, and reduce the tax burden on hardworking residents.

Restore pride in the city

Littering, flytipping and graffiti are worse than ever. We will tackle this head-on. We will restore Madeira Terraces, drive graffiti out of the city, fix broken lights and install CCTV.

Our Plan for Brighton & Hove

Brighton & Hove City Council Elections **4th May 2023**

Brighton & Hove Conservatives

Time for a change at City Council

INSIDE WHAT'S AT STAKE IN THIS ELECTION?

Fix your rubbish and recycling collections

No more excessive parking charges

Restore pride in the city

**Help deliver Our Plan for Brighton & Hove
Vote Conservative on Thursday 4th May 2023**

Dear Resident

After 12 years of Green and Labour mismanagement, Brighton & Hove is in a poor state. You can see for yourselves.

The rubbish is not reliably collected; litter lines our streets; weeds and verges are not being cut regularly; hundreds of Council homes lie empty; repairs to council homes are years behind schedule; flytipping is rampant; and street lights are broken and not being fixed.

The Council itself is not working for residents who often don't have their phone calls or emails answered, and can't always see staff face-to-face. While these services are not being provided, your council tax and parking fees and charges are going up because Greens and Labour keep voting for increases.

Our urban fringe and local heritage are under threat. Greens/Labour want to build on our precious urban fringe rather than brownfield sites, and they have let Madeira Terraces fall apart.

Greens/Labour have lost focus. They waste council time discussing national and international issues rather than local issues they were elected by you to manage. Our Conservative team is 100% focused on local matters that this council is responsible for.

A vote for Labour is a vote for Greens as they have a written agreement. A vote for independents will not change this city as they do not sit on any decision-making policy committees.

Only the Conservatives can turn this city around.

What's at stake in Brighton & Hove

After 12 years of Green and Labour Councils, Brighton, Hove and Portslade are in a terrible state. Only the Conservatives have a local plan to restore pride in our city, and the drive to deliver it.

Focus on local issues

The Greens and Labour have lost focus on local issues, and instead waste the council's time debating national and international issues such as nuclear weapons. Brighton & Hove Conservative Councillors spend 100% of their time on local issues, fighting for you.

Conservatives will take a zero tolerance approach to littering and graffiti.

As the Conservatives' Finance Spokesperson, Cllr Alistair McNair will stop the waste.

Your core services

The Green/Labour council have continually failed to deliver council services such as rubbish and recycling collections, weeding, cutting verges, and filling empty council houses. Residents still cannot get in touch with council staff. Phone calls and emails go unanswered and face-to-face services have been cut. Conservatives will get the council working again.

The council have given up keeping Brighton & Hove clean.

Only the Conservatives can change our city's direction

A vote for Labour is a vote for Greens, as they have a signed coalition-style agreement. Independents have no say as they do not sit on any decision-making policy committees. If you want to change our city, you must vote Conservative.

Brighton & Hove's heritage is crumbling

The city's unique heritage is being allowed to crumble, and the Green/Labour council doesn't care. The War Memorial has gone uncleaned, and our famous seafront lamps were found for sale on Facebook. The Conservatives will restore our city's once beautiful heritage.

Conservatives will make saving our heritage a priority.

**Help us restore pride in our city.
Vote Conservative on Thursday 4th May 2023.**
