## What's at stake in this election

Your **THREE VOTES** at these City Council elections will be crucial in deciding the future of Benfield Valley, Old Shoreham Road and Hangleton Parks.

Remember, only the Conservatives will:

1. Save Benfield Valley from development - Labour & Green Councillors have now voted SIX times to build on Benfield.
2. Stop the congestion-causing Old Shoreham Road cycle lanes returning - these are included in the Labour/Green transport plan.
3. Improve road safety in the Hangleton Way Schools Zone, with a new pedestrian crossing.
4. Fix rubbish and recycling collections, which are terrible after 12 years of Green & Labour run councils.
5. Stop the Council's plan to introduce paid parking at Hangleton Parks.
6. Clear the pavements and drains of weeds, with a 'Common sense' Conservative City Council.

Do not reward Labour with your vote - their Councillors have let Hangleton & Knoll down badly by voting to build on Benfield six times.

**Dawn BARNETT, Tim HODGES and Nick LEWRY** have a six point plan for Hangleton & Knoll, including stopping the Council charging for parking at Hangleton Parks.

## A strong local team working for you...

### FIGHTING TO SAVE BENFIELD VALLEY

We have fought many campaigns to save Benfield Valley from development going back to 2006. We recently have led a local petition to save the land signed by 1,905 residents. We will never stop fighting to protect Benfield.

### IMPROVING SAFETY IN SCHOOL ZONES

We have worked with schools, parents, teachers and the council to secure a full road review of the Hangleton Way Schools Zone, to improve safety for children. We are pushing for a proper pedestrian crossing.

### KEEPING PUBLIC TOILETS OPEN

The Council threatened Greenleas public toilets with permanent closure after mishandling the city cleaning contract - however we launched a local petition and forced a U-turn. We are now pushing for toilets to be open all year round.

## ACTION FOR HANGLETON & KNOLL

### TACKLING CONGESTION AND KEEPING STAPLEY ROAD OPEN

Working with residents of the Knoll estate, we successfully stopped a Council plan to close Stapley Road; and also ensured the removal of Labour's unpopular Old Shoreham Road cycle lanes.

### DELIVERING FUNDING FOR PARKS & FACILITIES

We helped fund new flooring for the Hangleton Community Centre and support the £776,500 Conservative Government grant for a new Youth Hub at Knoll Recreation Ground. We delivered funding for bigger capacity bins and other equipment.

### BRINGING THE COMMUNITY TOGETHER

We fundraised and organised three events to bring elderly residents together, including for the Queen's Jubilee, Christmas and New Year. We delivered funding for youth services including Kidz Klub and the Hangleton & Knoll Project.

## WE GET RESULTS FOR HANGLETON & KNOLL

Through our local petitions, community action and work standing up for residents at City Council meetings, we have delivered positive results for the Hangleton & Knoll community.

We have consistently stood up for residents on the big issues. Our community petitions successfully removed Labour's unpopular Old Shoreham Road cycle lanes, kept Stapley Road open and secured a road safety review of the Hangleton Way Schools Zone.

We have also ensured our public

toilets remain open.

Out every day in the community, we have helped Churchill House residents install water butts for their garden allotments, organised events for the elderly, delivered funding for new bins and play equipment at parks and helped facilitate a new defibrillator at the Grenadier.

We are on call day and night for the residents of Hangleton & Knoll ward and ask for your support on Thursday 4th May to continue as your local team on the City Council.

Tim Hodges, Nick Lewry and Dawn Barnett are always campaigning for the community and have delivered many successful results from their local petitions.
